

Megaprojects: Lessons Learned for Future Work

Wednesday, September 30, 2009

Westin Waltham, Waltham, MA

5:30 PM Registration & Reception, 6:00 PM Dinner, 7:00 PM Program

Learn some best practices for the planning, design and construction of Megaprojects and the lessons learned from past problems. Our presenters will address:

- How to mitigate and improve the management of risk of professional liability exposure for Consulting Engineers involved in Megaprojects and other work
- Why the public perception of projects is crucial – and how to manage that process

Plus, preview **Megaprojects: Challenges and Recommended Practices**, a new book to be published by ACEC in the fall of 2009. Proceeds from the publication of **Megaprojects** will be donated entirely to ACEC.

2009 ACEC/MA Corporate Sponsors:

Speakers:

- **David Hatem, PC, Donovan Hatem**
David Hatem is a Founding Partner of the Boston-based law firm Donovan Hatem LLP. Nationally recognized for his expertise in law related to the design and construction industry, David is the editor and a chapter author of **Megaprojects**.
- **Tony Lancellotti, PE, Senior Vice President, Parsons Brinckerhoff**
Tony Lancellotti served as the Deputy Program Manager on the Central Artery/Tunnel Project from 1994 to 2004 for Bechtel/Parsons Brinckerhoff. He will present Megaproject Management tips.
- **Tom Palmer, former Globe Reporter and Editor**
Tom Palmer covered major Massachusetts real estate development projects, the Central Artery/Tunnel Project, and other megaprojects when he worked as a reporter and editor for **The Boston Globe**. Now an independent communications consultant, Tom covers development-related events in Boston and the region in his on-line journal.
